Professional Summary

Full Stack Developer with 4 years of experience in building secure and scalable web applications using Angular, Node.js, Express.js, NestJS, MSSQL, MySQL, and MongoDB. Skilled in RESTful APIs, responsive UI, Angular Material, and DevOps tools like Docker and Jenkins. Experienced in banking and enterprise projects, focusing on performance, security, and clean code.

Technical Skills

- **Tech Stack**: MSSQL, MySQL & MongoDB, Node.js, Express.js, NestJS and Angular (v9–v16).

- **Frontend**: JavaScript (ES5-ES16), TypeScript, RxJS, Angular, Angular Material, NGXS and NGRX (State Management), Redux, HTML5, CSS3, Bootstrap 5, NGX Bootstrap, and responsive UI design.
  Experienced in building interactive dashboards using Highcharts and Chart.js for data visualization.

- **Backend**: Node.js, Express.js, NestJS, RESTful APIs, GraphQL APIs, Sequelize ORM, Mongoose ODM, JWT, OAuth2 and AD (Active Directory) Authentication.

- **Databases**: MongoDB, MySQL, MSSQL, SQL Stored Procedures and Triggers.

- **DevOps & Tools**: Git, GitHub, TortoiseSVN, Jenkins (CI/CD pipelines), Docker, Nginx, IIS Configuration, and Jira for Agile project management.

Professional Experience

SecurEyes Techno Services Pvt. Ltd. – Bengaluru, India (Hybrid)

Full Stack Developer — Aug 2023 – Sept 2025

- Contributed to SE-TPTrac, a Third-Party Governance, Risk & Compliance (GRC) Management platform designed for the banking domain, enabling organizations to track, assess, and mitigate vendor-related risks.
- Developed a multi-tenant risk management platform using MSSQL, Express.js, Angular, and Node.js, implementing internationalization (i18n) for English and Arabic languages.
- Built and optimized RESTful APIs with Express.js and Node.js, ensuring secure and efficient communication with MSSQL databases.
- Designed and developed responsive front-end interfaces using Angular, Angular Material, and Bootstrap 5, following the MVVM architecture pattern for scalability and maintainability.
- Strengthened application security by integrating JWT authentication, implementing OWASP Top 10 best practices, and adding middleware such as Helmet.js and Rate Limiting to reduce vulnerabilities.

- Streamlined DevOps pipelines using Jenkins for CI/CD and containerized deployments with Docker, improving build efficiency and deployment reliability by 30%.
- Collaborated with cross-functional teams to troubleshoot, optimize, and enhance product performance, ensuring a seamless user experience across platforms.
- **Tech Stack***: Angular 15, Node.js 18, Express.js, MSSQL, Jenkins, Docker, Angular Material, Bootstrap 5 and RxJS.

Key Projects:

- **SE-TP Trac**: Built full-stack MEAN application with multi-tenant architecture and i18n support.
- **SE-Product Subscription**: Developed end-to-end subscription management system with Angular UI and Node.js/Express.js backend.

Aspire Edu-Soft Pvt. Ltd. – Udaipur, India (Hybrid)

MEAN Stack Developer — May 2022 – Jul 2023

- Led 15+ MEAN stack projects, including hotel systems and edtech platforms, using MongoDB, Express.js, Angular, and Node.js.
- Developed RESTful APIs with Express.js and integrated with MongoDB and MySQL.
- Implemented Angular-based UIs with RxJS and NGXS for state management and improved user experience.
- Optimized application performance with Angular Universal (SSR) and Sequelize, reducing page load times.
- **Tech Stack***: Angular 12, Node.js 16, Express.js, MySQL, MongoDB, Bootstrap 5 and RxJS.

Key Projects:

- **e-commerce**: Jaipurfurniture, WildSquat.
- **Others**: Aspiretechnosolutions, Shobhamisra, Mumalmarble, Redtulliphotels and Adeptbizconsulting.

Rudrohom Contrade Pvt. Ltd. – Udaipur, India (On-site)

Junior Web Developer — Jan 2022 – Apr 2022

- Developed backend services using Node.js and Express.js, ensuring efficient data storage and retrieval.
- Built responsive Angular-based front-ends with NGXS state management, improving UI performance.
- Implemented secure APIs with JWT authentication, enhancing application security.
- Tech Stack: Angular 12, Node.js 14, Express.js, MongoDB, NGXS, Bootstrap 5.

Key Projects:

- **Jusbid**: Online Hotel Booking Platform.

Education
- BCA – Bachelor of Computer Applications - MDS University Ajmer Rajasthan (2018 – 2021)
- Senior Secondary (Science – Mathematics), Govt. Sr. Sec. School, Bhilwara Rajasthan (2017)

Languages
- English – Professional Proficiency
- Hindi Native / Full Proficiency

Personality Traits
- Quick Learner and Strong Problem-Solving
- Passionate about Clean Code and Scalable Architecture
